**DETAILED ACTION**

***Allowable Subject Matter***

3. Claims 1-10 are allowed.

***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest the following:

wherein software of the device is upgradable during a booting operation of the device via the interface, wherein the boot code comprises a lightweight protocol stack code for the interface, the lightweight protocol stack comprising a subset of the layers of the complete protocol stack.

For these reasons, claims 1, 9 are deemed to be allowable over the prior art of record. Claims 2-8 and 10 are allowed by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
